

PRODUCT INFORMATION

AR Plus

Deep Cleaning Heavy Duty Water Based Ink Remover

AR PLUS is an aqueous solution of non-ionic surface active agents, hydrotopes and alkaline builders. It is designed for the general cleaning and the removal of ink deposits from within the cell structure of Anilox rollers.

Spray or wipe on to surface to be cleaned. Leave for a few minutes and rub off with a cloth. Alternatively AR PLUS may be used in ultrasonic systems or immersion tanks.

Easy application – used by spray, brush or wipe cleaning.

Effective in both hard and soft water areas.

Re-wets stubborn and difficult inks - AR PLUS's powerful formulation quickly emulsifies water or solvent based inks.

Versatile - can be used either in ultrasonic and immersion tanks or in situ using spray, brush or wipe methods.

Concentrated - dilute according to individual requirements.

AR PLUS's highly built formulation makes it ideal for heavy duty and demanding cleaning operations.

The logo for Melpass, featuring a stylized red 'M' followed by the word 'elpass' in blue lowercase letters.
