

# PRODUCT INFORMATION

## Lightning FC

Water Based Ink Remover & General Purpose Print Room Cleaner

*LIGHTNING FC* is a non-flammable, multi-purpose ink remover and print room cleaner. It's complex formulation allows it to be applied by brush, mop or spray. It is ideal for the cleaning of 'ink-fly' on 'grey areas'. *LIGHTNING FC* can be diluted at up to 50:1 for real economy in use.

*LIGHTNING FC* can be applied by brush, mop or spray, etc. Alternatively it is recommended for use in all ultrasonic systems or other immersion cleaning applications either hot or cold.

Safe to use – *LIGHTNING FC* is solvent free with biodegradable surfactants. It is classified as "IRRITANT" under the Chemicals (Hazard Information and Packaging) Regulations, making for safer operator handling over other highly alkaline or acidic products.

Re-wets dried inks - old cured inks are completely removed with minimum effort.

Versatile - rejuvenates rubber rollers and cleans plastic surfaces, painted surfaces, floors, etc. leaving no residue when rinsed away.

Economical - dilution rates of up to 50:1 are available depending on individual needs.

Versatile - one product is suitable for use in and around the print room for both manual and ultrasonic cleaning.
