

PRODUCT INFORMATION

Melpawash 3000

Print Plate Cleaning Solution

MELPAWASH 3000 is a highly efficient blend of solvents designed for use in print conveyor plate washing machines.

Add *MELPAWASH 3000* to the machine reservoir and simply engage the re-circulation cleaning cycle. *MELPAWASH 3000* can also be used as a pre-spray prior to plate printing for improved ink pick-up and print quality. Additionally, *MELPAWASH 3000* excels in the hand cleaning of plates by simply spraying and wiping.

Highly efficient solvent blend
No detrimental effect on plate quality
Water rinseable for quicker drying
Versatile, with a wide range of cleaning applications

The logo for Melpass, featuring a stylized red 'M' followed by the word 'elpass' in blue lowercase letters.
