

# PRODUCT INFORMATION

## Technisol 1310

### Ink Remover & Anilox Cleaner

A sophisticated blend of high quality solvents and penetrating compounds, designed to clean out the most difficult to remove inks and other residues from Anilox rollers.

It is recommended that the product is used undiluted and applied manually by sponge or cloth. Work into the roller cells using a nylon brush or Flotex carpet pads. Allow time to work before wiping away with a damp cloth.

- High quality, deep searching solvents
- Slow evaporation for maximum cleaning effect
- Removes most inks and varnishes
- Water emulsifiable for efficient soil removal and clean rinsing
- Low odour, no large vapour problem
