## Melpawash 1000

### Squeegee Roller Cleaner for Conveyor Plate Wash Machines

*MELPAWASH 1000* is a highly effective, water based cleaner and conditioner for squeegee rollers on conveyor plate washing machines.

*MELPAWASH 1000* is used as supplied, undiluted in the plate washing machine. Simply immerse the squeegee roller into the tray incorporated into the machine at the end of each production run. Remove, rinse and re-fit to the machine prior to next print run

Highly efficient water based cleaner  
Removes print in residues  
Restores and regenerates squeegee texture
